CanBIC-10

Plan to attend in-person in June 2027

World-wide participation
8 specialist symposia
Student symposium
Special issue of J. Inorganic Biochemistry
Cheapest rates in January 2027

10th

Georgian Bay International Conference on Bioinorganic Chemistry

International organizing committee

John Dawson (S. Carolina)
Zhifeng Ding (Western Ontario)
Nagao Kobayashi (Ochanomizu, Japan)
Martin Stillman (Western Ontario)

Plenary Speaker: Prof. Clotilde Policar, ENS, Paris, France

Symposia on Porphyrins, Phthalocyanines, Corrinoids, Heme proteins
Metallothioneins,Metalloproteins, Mechanisms of heme proteins using spectroscopic methods
Instrumentation for bioinorganic chemistry applications
Theoretical Techniques for Bioinorganic Chemistry, Metallodrugs
Toxic Metals, Group 11 and 12 bioinorganic chemistry

4 days in a remarkable setting in beautiful Northern Ontario

www.CanBIC.ca

Registration opens in January 2027 - Lowest registration ends 1st Feb. 2027
Speaker abstract submission deadline is 1st March, 2027
Symposia speakers will be listed on the web site in late 2026
Over 90 international speakers, contributed posters, student oral symposium

1st – 5th June, 2027

Parry Sound, Ontario, Canada

SPECIAL! Student paper oral symposium available - select S9 for consideration when submitting abstract

For more information, please contact: Martin.Stillman@uwo.ca and canbic@uwo.ca
We welcome student participation with posters and much reduced rates if you can assist at the conference
